

PANELS AND SYMPOSIA

Panels last 90 minutes. Each panel is comprised of 4 to 5 papers followed by a discussion. If a discussant is included, please do not include more than 4 presentations. The proposed panel must include a title and an abstract (maximum 150 words) outlining the theme of the panel. When submitting a panel, you must include a list of all participants including organizers, chair, discussant and presenters in addition to a title and 150 word abstract (maximum) for each of the presenters.

For a symposium, you must submit one form for each of the constituent panels. While constituent panels should have the same title, please indicate in the title of each panel the preferred order of the panels (1, 2, 3, etc.).

Please fill in the form below and click on the submit button to forward your paper submission to the CASCA 2010 Conference Organizers.

If you encounter any problems, please send an email to michel@unbc.ca for technical support.
